

Accelerate Change

A transformative change leadership program

The Fourth Industrial Revolution (4IR) has arrived - a period characterized by the blurring of lines between humans and technology and marked by advances that drastically surpass our previous digital progress and create unthinkable realities.

Now more than ever, organizations need leaders who are able to steer their teams and people through continuous, simultaneous and complex changes. Which is why KBRS is pleased to introduce Accelerate Change to Halifax this spring in partnership with Lee Hecht Harrison (LHH), an internationally recognized talent and leadership development firm.

Accelerate Change is a ground-breaking program that ensures leaders have the required mindset and skill set to effectively guide their teams through change.

This two-day program includes:

- Hogan EQ psychometric assessment
- Insightful self-assessments, including:
 - > Your Change Behaviour Assessment
 - > Your Change Leadership Scorecard
 - > Your Resilience Profile
- Five in-person learning modules:
 - > Making Change a Reality
 - > Optimizing Team Performance During Change
 - > Leading People Through Change
 - > Building Resilience
 - > Reframing Resistance
- One 90-minute Coaching Circle web conference to share experiences applying concepts and learnings to real scenarios, ask questions, and to work through outstanding challenges
- Comprehensive workbook and resource guide

Who will benefit from attending?

- Mid to senior level professionals with change leadership responsibility
- Teams undergoing change or responsible for stewarding change initiatives

Accelerate Change for individuals:

Workshop Dates

May 5 & 6, 2020

Michelle Fitzgerald
Accelerate Change Facilitator and
Associate with KBRS

Michelle has extensive experience helping leaders navigate complex organizational changes. Prior to consulting, she held senior roles in health care, and the insurance and investment sectors during periods of major change and transformation. As a consultant, her focus has remained on leadership development and organizational change.
